

# DK - 30

DIP are proud to recommend the DK - 30 coffee grinder for milling your coffee beans.

It is a modern machine of the highest reliability and safety, which assures uniform grinding and minimal heating of the material being grounded.

This coffee grinder is suitable for daily use in any situation, such as supermarkets, coffee shops or coffee packaging firms.

## Technical information

Voltage 230 V/50 Hz

110 V/60 Hz
