

Office EXPOBAR Espresso Coffee Machines

1 Model Office Semi Automatic:

Semi automatic 1 group espresso coffee machine. Ideal for office or small shop. Commercial group, steam and water tap. Inbuilt 4 litre water tank, no plumbing required.

2 Model Office Control:

Fully automatic 1 group espresso machine. Same features as the semi-automatic model with added advantage of a single keypad with microprocessor to control the coffee dosage volumetrically.

3 Model Office EB-61 Leva:

A traditional 1 group espresso coffee machine. Body made from 2mm thick stainless steel. No plumbing required.

Features:

Polished stainless steel with black control panel on semi-automatic and control models. 12 bar pump pressure. Copper boiler with heat exchanger and element protector. Automatic boiler water level control. 4 litre water tank located inside body with low water level cut off.

Supplied:

1 group handle, 1 & 2 cup filter, coffee tamper and measuring spoon.

Optional Extras:

Fence for coffee cup storage.

The company has the right to make any modifications without notice.
